

## **From Facebook: David Davison - Missionary of Children's Bible Ministries to Camp Grace**

Good morning support team!

Our summer has looked so different, yet our God hasn't changed.

Our Released Time Ministry and the school year will be so different this year, yet our God hasn't changed.

How deeply encouraging it is, to me, that He cannot change. In all of His omniscience, omnipresence and omnipotence He is our Firm Foundation, Cornerstone and Rock.

We weren't able to have campers out with us this summer but were able to send camp to them through Camp Grace @Home. We sent out over 300 boxes that contained Bible lesson materials, sermons from our camp speakers, devotional booklets, a t-shirt, fun videos, camp store items, craft items and more. Although we would have loved to have campers and the summer staff out with us we trust that God worked in the hearts of the campers this summer, we heard that the two children came to know the Lord while completing Camp Grace @Home!

Since the Dining Hall was empty this summer we had the opportunity to repaint the interior as well as resurface the kitchen floor. Both were big projects but well worth doing! While the bulk of the staff worked on preparing items for the CG @Home boxes I was happy to lead the charge with the Dining Hall projects, although painting the vaulted ceilings is no joke, haha!

Thankfully I was able to cook this summer for one of our favorite work groups, it was a blessing to have them with us for a week. While they were here I developed an incredible pork chili recipe too!

Although it will look different we are excited about our ministry plans for the school year, we will be still getting Bible lessons to students in our area just through a different avenue.

My monthly support has remained at about 94% meaning that I am just over \$100 from reaching my monthly goal of 1,800. I praise God for my prayer and financial support team! If you have any questions about how you can give feel free to contact me!
