Praise God for an incredible Cream Cheese Pound Cake sale we had! We made about 75 cakes but beyond that praise God for little old Mary.

Having shopped for camp for a good number of years now I've gotten used to the looks of insanity and questions people give me when I push around a cart FULL of milk and cereal or other groceries, haha. Honestly I enjoy when they ask me about my obscene amount of groceries because that gives me an opportunity to talk about Christ and Camp.

When I was at the store getting groceries for the cakes I noticed a very short little old lady that could not get the jar of broth she was reaching for. I happily grabbed it for her, she thanked me and then glanced at my shopping cart. Of course I couldn't see her full expression because of her mask but she was shocked, haha. I told her it was for a pound cake sale that we were having out at Camp Grace just down the road. She explained that she was from out of town visiting and taking care of her ill sister so she didn't know anything I thought she was referring to never going to summer camp but she said

"No, I've never had a relationship with Jesus, could...could you walk me through it?"

There in Food Lion next to the broth and stock little old Mary came to know Jesus Christ as her Savior. Praise God.
