Dear Pastor Bill and Friends at Heritage,

I know we are a bit delayed in writing to send our thanks, but we wanted to say "THANK YOU" so very much for your generous gift at Christmas. This year all our Christmas gifts have gone to help offset the excess medical expenses we have with Sharon's chemo treatments in Chicago. We praise the Lord for the gifts that have come to help with this. And, we praise the Lord for His good care of Sharon during these treatments! She is tolerating the treatments very well, as many have seen. This past week she finished round #4 and has two more to go. She will travel on the 14<sup>th</sup> once again! Thank you for your prayers for her.

We are so thankful for the blessed relationship we have had with Heritage all these years and the wonderful memories we have of your ministry to Chile and us!

Continuing to serve with joy,

Doug and Sharon
