

# fear not

FOR I AM  
WITH YOU; BE NOT  
DISMAYED,  
FOR I AM YOUR GOD;  
I WILL STRENGTHEN YOU,  
I WILL HELP YOU,  
I WILL UPHOLD YOU  
WITH MY RIGHTEOUS  
RIGHT HAND.

Isaiah 41:10

**Dear Children's Bible Ministries Supporter:**

As we enter into 2022, I am so thankful God holds us and strengthens us with His mighty and righteous hand. The work He has entrusted us with will continue, and we are excited to see how God will bring more people from being dead in their trespasses and sin to being a new creation alive in Christ Jesus. With the future being so uncertain for so many people, we are thankful to be missionaries that can share about the certainty of Christ's return. Anxiety and depression are at an all-time high among children. Young people need to hear the truth and hope found in God's Word. CBM will do this using the method the 3C's: (Bible) Classes, (Discipleship) Courses, and Camps.

**Thank you** for being a part of these amazing transformations in the lives of young people. Your support allows us to continue on with the work that God has called us to. We appreciate your generosity. You are making an eternal impact by laying up your treasure in heaven. Your faithfulness in prayer, financial support, and volunteering are just some of the ways God uses you to bless this ministry. Each of these roles are vital in the daily spiritual warfare we find ourselves battling in. Please keep our missionaries, board members, volunteers, and all those we minister to in prayer. Pray that above all that God will be glorified among the nations.

**May God, who does exceedingly abundantly above all we ask or think, continue to bless and keep you! Please check out our website [www.childrensbibleministries.net](http://www.childrensbibleministries.net), like us on Facebook, and follow us on Instagram to stay up to date on our newest areas, events, and interns, as well as other ways you can partner with this ministry through giving, praying, and volunteering!**

For His Glory,  
Lincoln Simmons  
CBM National Director
