Prayer Request Update: Honduras Trip

Thank you for praying for the details for a vision trip to Honduras to come together. We were very excited that after shifting the dates a couple of times, Bruce, pastors Luis, and Reynaldo headed up to Choluteca, Honduras, just north of the Nicaraguan border.

A small church started as a feeding center for children. Comedor Marie was built to provide physical food and now provides spiritual food as well. God has provided for the churches of the Buen Samaritano mission (Good Samaritan) to plant a number of churches in southern Honduras.

We are offering to partner with them in the training of church planters. It's a blessing to meet like minded churches with a desire to reach surrounding rural communities with the gospel and plant new churches. Please pray as we have set a tentative ICP Honduras launch date of February 11-13, 2024!
