

KIM'S PATH OF PURPOSE

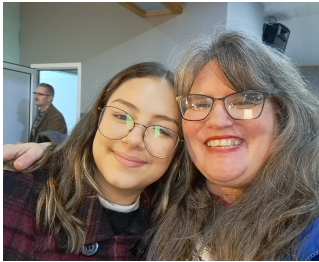

Missionary to Portugal

PV Palavra da Vida

January 2024

Back2PV

We ended 2023 and began 2024 with Back2PV. Young adults came for a weekend retreat. Along with many new campers, others who served at past camps were campers.

I had the joy to again serve in the Snack Bar. We moved it to the auditorium where the meetings were held, and fellowship gatherings took place.

The Snack Bar is more about the people than the food! I first met Gabi when she served at summer camp. Since then, her mom has volunteered in the kitchen for many events, so Gabi and her brother come along. Gabi always volunteers to help me. As she teaches me Portuguese, she improves her English. One morning during Quiet Time we sat with open Bibles. She read in English and then we discussed what it meant. Watching her grow in her understanding of God is a blessing!

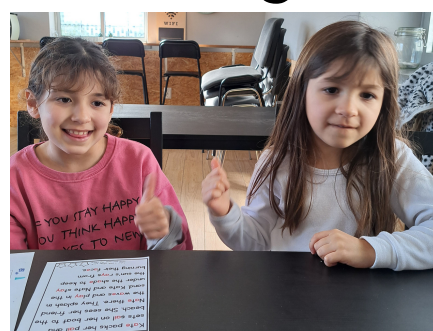

Aula de Português

Class has started! For an hour and half twice a week I meet in a small group to improve my Portuguese. Fabiana is a very encouraging teacher!

Aula de Inglês

I knew I would be learning Portuguese, but I have also have the privilege to teach English to some of the missionary children.

New Interns

We welcomed a new Cross Cultural Intern this week. Pray as two more are waiting for their visas to be approved.

JOIN ME IN PRAYING FOR...

- faithfulness in personal study of God's Word

- building relationships with the students while doing Go Play+ in schools while in the Azores. We will be in the same schools we were in last May.

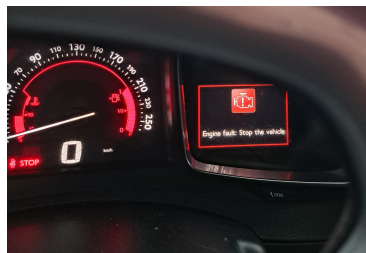

- language acquisition.
- community connections

- Olimpícos and Fifty1 Bible clubs are happening each week. Pray as churches are wanting help to start clubs of their own.

- resolution to my car situation since it is still not fixed. The easiest way to explain is that mother board does not always talk to what I call "the other board". Pray for wisdom in finding possible solutions.
