

KIM'S PATH OF PURPOSE

Missionary to Portugal

March 8, 2024

Mobilization to the Azores

Last May I was able to participate in a mission's trip to Terceira, Portugal which is a volcanic island with a population of just over 55,000 and sits in the North Atlantic Ocean. Last month, I returned. It was exciting to partner with churches to continue building relationships to bring the light of the Gospel to those who live in a very dark world. We were in three public schools using GoPlay+ as a tool to teach English, life skills, and build relationships, hosted a night for the young adults of local churches, and shared in churches. For me, the highlight was reconnecting with those I met last year and hearing how God answered some prayers I had been praying since last May.

Conexão (Connection)

"Limits" was the theme of the day. It was a blessing to watch our team come together to serve pastors and leaders in our local churches. Word of Life's President and CEO joined us for a day of connecting with the pastors and church leaders.

Check out the cookies that made their way into the gift bags.

Smiles all around as we get ready for the day.

Join me in praying for...

- 1) faithfulness in personal study of God's Word
- 2) language acquisition, group class Tues & Fri
- 3) community connections
- 4) preparation for Easter Camp

Praising the Lord for...

- 1) While I will forever be a student of the Portuguese language, I am thankful for what I have learned so far. This module, I am teaching the verse in Olímpicos. Though I may be reading the verse and have translation help for the instructions, it is a step in the right direction.
- 2) One of the shop owners in town came to my apartment for lunch last Monday. She is helping me with Portuguese and is a great help with understanding the culture.
- 3) I pick up my "new car" on Saturday. It has been being prepared for over a month, so I am thankful it is now ready! I am also very thankful for those who have helped me with rides and for the public bus system. I know a few of the routes very well now!
