

# KIM'S PATH OF PURPOSE

Missionary to Portugal

JUNE 2024

## Rest and Debrief

The end of May I spent five days in Lourinhã for a time of rest and debrief of my first year in Portugal. How fun to meet new friends and hear how God is using these couples in the area of caring for missionaries.

## My Church

For about a little over a year now I have been worshipping at Igreja Baptista Evangélica das Colinas (IBEC). Adam Gibson is one of the pastors. He and his family are missionaries supported by my home church in Lakeland, FL. IBEC has two services with the first being an International Service in English and the second in Portuguese. I try to attend both so I can hear the Word of God taught in both languages. And, of course, I want to get to know all the people. Please pray for a new building. The seats are full in both services and many times the back doors are open so people can hear from outside.

## Olímpicos

This marks the grand finale of Olímpicos until autumn. What a treat witnessing the hunger for the Word of God and the pure joy of conquering those memory verses!

## Refresh Weekend

During a chill weekend for young adults, we heard about people in the Bible who met Jesus. Then, there was plenty of time for morning devotions, discussion groups, and activities.

## Open House

Morning to night, the place was buzzing with activity! My pastor and his crew came with another family from our church in the morning. Both families have a child gearing up for their debut summer camp experience.
