June 2024

Dear Faithful Prayer Supporters,

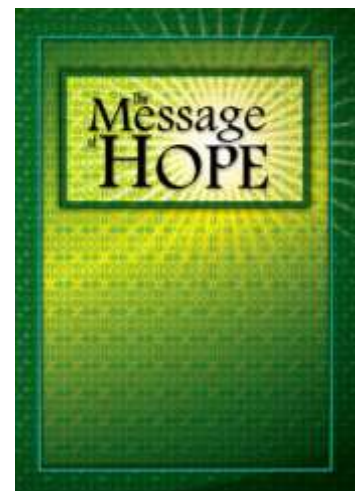

Thank you so much for praying! All the projects we mentioned in our last letter are closer to being completed—one (***God's Story/Your Story***) is very close! Also, Denise has finished inputting 540 pages of material into the graphic design program for Elementary age kids, ***Adventures in the Roots of Faith OT***. It is now ready for its final review before placing this free curriculum on the Good Soil site. Now to press on to the New Testament Curriculum and Take-Home pages. *Please pray for clarity, perseverance, and funding* as we work to see them completed over the summer.

During the week of May 14-17 we were in Harrisburg for the Spring week of Good Soil training. Our group wasn't large but wow, they were engaged and excited about learning more evangelism and discipleship skills! There were several missionaries

from Japan, SE Asia and the Caribbean. There was a group of four from a church that had already been using some of the material, but were excited to be learning how to more effectively use what they had and to see and learn how to use new resources. One man was in a church restoration work. We met with him about four years ago in Tennessee. One lady flew in from California. She found *The Story of Hope* online and awhile back was able to lead her daughter's boyfriend to the Lord. Now she will continue to reach out to her daughter. This kind of class really keeps us encouraged.

Prayer Requests:

- Continued opportunities to get to know our neighbors.
- The Vietnamese family next door and our Story of Hope Bible study. We are now on the resurrection.
- Safety in travels this summer.
- Completion of the three resources mentioned.
- A blessed time reporting to our supporting churches.

Serving together to Proclaim the Good News of Christ,

Gil and Denise
